

New face at MAHCP

We at MAHCP would like to welcome our newest Labour Relations Officer, Nathan Laser, who joined us just after the Victoria Day long weekend in May.

Nathan graduated from the University of Winnipeg with a degree in Political Science and recently worked as a campaign co-ordinator for a local environmental organization fighting against climate change.

Nathan also has experience at the provincial government for over a decade, including having served as Director of Issues Management at the Manitoba Legislature and a Senior Policy Analyst in Aboriginal and Northern Health. He has also been active in many electoral campaigns, including as campaign manager and volunteer coordinator, communications and rapid response, and policy and platform development.

In his free time, he enjoys hiking and camping in the great outdoors, cycling around the city and debating with friends over a pint of beer.
