

Honour Roll Recipients for 2007

It was with great pleasure that we announced the Honour Roll Inductees for 2007. These two individuals have stayed the course, representing their membership and the members as a whole with dedication, determination and grace. Their contribution is immeasurable, and the unique qualities that they each have brought to the table will be greatly missed. Along with their photographs, we are including the speeches made by Bob Bulloch, Chair of the Communication Committee as he presented each of inductees.

Bernie Krawchuk

Bernie Krawchuk has been an MAHCP member for many years and a board member for the last seven years. In fact, tonight is her last night of working as a board member, and she will be a new retiree tomorrow morning!

A home care coordinator in the Nor-man region, Bernie has distinguished herself at the board level. Though she is definitely a woman of discriminating tastes, and many women on the board have asked her to become her personal shopper, she is best known for her attention to detail on board issues. She also has been uncompromising in her dedication to her work and her peers, and has always worked hard to represent her region at the board level.

Bernie has sat on two bargaining committees, which represents an enormous amount of work, yet has always had a cheery smile, even when she is correcting Board members on various points. She is acknowledged as an organizational wizard, a talent which will be solely missed.

I give you Bernie Krawchuk, Honour Roll recipient.

Bernie Krawchuk

Susin Cadman

Susin is a Community Dietitian in Brandon. She is actually not able to attend today in Winnipeg, but is present via conference call, as we speak, in Brandon. Susin has worked with MAHCP for years in many capacities. She has spent time working on bargaining, has been a staff rep, and of course has been a board member for a number of years. During the votes in 2001, Susin was instrumental in working on behalf of our union in the Brandon region.

Susin has had a positive influence on the board, with her calm demeanor, insightful comments and her great sense of humour. In addition to her board duties, she has been known to provide a very good dissection of the nutritional value of our lunches, which we will be always grateful for, while still feeling a little guilty!

Susin we will miss your presence at the board! Will you join me in congratulating Susin Cadman, Honour Roll recipient.
