The Employer reserves the right to verify that a claim for income protection is not made with respect to an injury for which lost earnings are compensated by Manitoba Public Insurance.

1902 A full-time employee shall accumulate income protection credits at the rate of one and one-quarter days per month.

Of each day and a quarter of income protection credits earned, one day* shall be reserved exclusively for the employee's personal use as specified in this Collective Agreement. The remaining one quarter of a day* shall be reserved for either the employee's use or for use in the event of family illness as specified in 1905. The Employer shall maintain an up to date record of the balance of income protection credits reserved for each

RE: GRIEVANCE INVESTIGATION PROCESS

The process is intended to create a harmonious relationship in order to promptly resolve grievances in an economical fashion.

On this basis, the parties are committed to the utilization of the following process where it is mutually agreed to be appropriate.

In the event that either party states that it is inappropriate to utilize the process and prior to a failure to utilize the process, the Executive Director of the MAHCP and the Director of the PHLRS shall review the matter and exchange the positions of the parties.

The parties hereto agree that the following conditions shall apply to the implementation and operation of the Grievance Investigation Process:

Part 1 GENERAL

1. It is understood that this process and the appointment of the Grievance Investigator is to continue concurrent with the Collective Agreement. The Collective Agreement is for the period April 1, 2014 to the date of ratification of a new collective agreement, and subject to the Term of the Agreement.

2. The Grievance Investigator shall be an individual jointly approved by the MAHCP and representatives of the employer (Provincial Health Labour Relations Services). The terms of appointment of the Grievance Investigator shall be set out in a separate document between the MAHCP, the PHLRS and the Grievance Investigator.
3. It is recognized that Grievance Investigation is a mandatory process and either party may submit the grievance.

In the normal course of events, the grievance will be submitted to the Grievance Investigator when the parties are unable to reach a resolve through the grievance process itself.

If however, where the timelines within the grievance procedure have not been mutually extended, and a grievance meeting does not occur as scheduled due to a cancellation or request to reschedule by either the Association or the Employer, the Executive Director of MAHCP and the Director of the PHLRS shall be notified of the cancelled meeting.

The Executive Director and Director will review the matter and will jointly determine if another attempt to schedule a grievance meeting will occur, or if it is reasonable to assume that the grievance is denied and the remainder of the grievance procedure will be circumvented and the grievance matter will be submitted directly to GIP.

4. The Grievance Investigator shall conduct an investigation into each grievance jointly submitted to him. It is expected that a hearing will be required in the normal course of the investigation. Within seven (7) days of a grievance being submitted to him, the

Grievance Investigator shall schedule a hearing to be held within the thirty (30) day period following submission to him. The Grievance Investigator is empowered to fulfil his role in any manner deemed by him to be most effective given the individual circumstances of each case. The Grievance Investigator's general role is to:

- a) Investigate each grievance jointly submitted
- b) define the issue(s) in dispute
- c) provide an opinion as to an appropriate resolution of the dispute.

Where the Grievance Investigation meeting does not occur as scheduled due to a cancellation or request to reschedule by either the Association or the Employer, the Executive Director of MAHCP and the Director of the PHLRS shall be notified by the Grievance Investigator of the cancelled meeting.

The Executive Director and Director will review the matter and will jointly determine if another attempt to schedule a Grievance Investigation meeting will occur, or if the matter will simply be referred to arbitration.

5. The Grievance Investigator is expected to give a verbal opinion at the conclusion of a hearing, and to submit a brief written opinion to each of the parties within seven calendar days following a hearing. Where no hearing is held, it is expected that the Grievance Investigator will provide his written opinion within seven (7) calendar days following completion of his investigation.
6. It is understood that the opinion of the Grievance Investigator is advisory in nature and is non binding on either party.

It is understood that where the parties agree to abide by the opinion of the Investigator, it is done so on a without precedent or prejudice basis.

Where either or both parties choose not to accept the opinion of the Grievance Investigator, they shall, within seven calendar days following receipt of the Investigator's written opinion, submit it in writing to both the Investigator and the other party, their reasons for non acceptance. Such reasons shall not be admissible at any future arbitration hearing or Grievance Investigation proceeding. Where one or both of the parties does not accept the opinion of the Investigator then the option shall remain to utilize the Arbitration procedure contained in the Collective Agreement.

7. The parties shall jointly prepare guidelines to assist the Grievance Investigator in meeting the expectations of the parties. These guidelines may be amended from time to time during the collective agreement as circumstances warrant and as mutually agreed. The parties shall meet on a province wide basis through staff representatives of the MAHCP and the PHLRS at the request of either of these two bodies, but not less frequently than every six months to review the operation and utilization of the Grievance Investigation Process.
8. Nothing shall preclude the parties from resolving any grievance in any mutually agreed manner either before, during or after its referral to the Grievance Investigation Process.
9. It is expressly understood that the Grievance Investigation Process is intended to provide a cost-effective, informal, and timely alternative to conventional arbitration.

Part 2 SUBMISSION OF GRIEVANCE

1. In all cases the grievance procedure contained in the Collective Agreement will continue to apply, however, where the grievance procedure has been

exhausted and a party has certain time limits to refer the matter to arbitration, that party might instead within this time limit, advise the other party in writing of its desire to refer the matter to the Grievance Investigation Process. Where such a request is made, the time limits referenced in the grievance procedure shall be temporarily suspended until:

- a) the other party advises the party who has made such a request that it does not agree to refer the matter to the Grievance Investigation Process, or
- b) fourteen (14) calendar days have elapsed from the date the request was made and the other party has failed to respond, or
- c) fourteen (14) calendar days have elapsed from the date upon which the Grievance Investigator issued his written opinion.

When any one of the events referred to in a), b) or c) above occur the time limits for referring the matter to arbitration shall commence as if the grievance procedure had been exhausted on that date.

Part 3 HEARINGS

1. Hearings will normally be held on the premises of the facility where the grievance originated from, however, the Investigator may, with the consent of both parties, choose a more appropriate location in such instances as where several grievances originating from different locations can be heard at the same hearing.
2. The parties agree not to be represented at any Grievance Investigation hearing by legal counsel. Attendance at hearings shall be limited to a maximum of four (4) employees from the bargaining unit and/or the Association, and four (4) Employer and/or PHLRS representatives. This stipulation shall not prevent the Grievance Investigator from requesting the attendance of any other person who can assist in clarifying the issue in dispute.

3. The parties agree to provide the Investigator with a jointly prepared statement of facts in an effort to narrow the scope of any dispute and to minimize the need to present evidence through witnesses. The Grievance Investigator may through the course of his investigation determine additional facts relevant to the resolution of the matter and shall advise the parties accordingly.
4. Hearings shall be held in an informal manner, however, the Investigator shall conduct any hearing in a manner deemed by him to be effective. Witnesses will not give evidence under oath but the Investigator may act as a participant in attempting to resolve areas of conflicting evidence.

Part 4 GUIDELINES FOR GRIEVANCE INVESTIGATOR

1. The Grievance Investigator shall be expected to accept the role for the life of the collective agreement.
2. While appointed the Grievance Investigator may not act on behalf of one of the parties either as counsel or nominee at conventional arbitration. He may serve as sole arbitrator or chairman of an arbitration board hearing a dispute involving one or both of the parties except in the case of a dispute which has previously been referred to him in his capacity as Grievance Investigator.
3. While it is not expected to be as detailed as an arbitrator's award, the parties do expect the written opinion to be a concise statement of the reasoning followed in reaching his conclusions. A detailed review of the positions of the parties or arbitral jurisprudence is not expected nor is any recounting of non germane fact or argument. The opinion should contain sufficient

information to assist the parties in preventing similar future disputes.

4. The parties shall each pay for their own costs associated with referring and processing a grievance through the Grievance Investigation Process except that the parties shall jointly and equally share the fees and expenses of the Grievance Investigator.
5. The Grievance Investigator is empowered to consider any grievable matter put to him by the parties including a question of whether or not an issue is grievable.
6. The opinion of the Grievance Investigator is expected to be an informed estimate of the likelihood of the grievance being sustained or denied in the event of its being referred to arbitration.
7. The Grievance Investigator will be provided with any documentation which might provide assistance to him carrying out his role.

3. That the EDSLP must comply in all respects with all Revenue Canada guidelines.

Eligibility: Any employee, excluding casual employees, covered by the Collective Agreement between the Employer and the Association may apply for participation in the EDSLP following completion of the employee's probationary period as outlined in the Collective Agreement. It is expressly understood that participation in the EDSLP does not constitute a commitment being made by the Employer regarding future approval of a leave of absence.

The Plan:

The EDSLP is implemented for the sole purpose of providing a method of remuneration to Plan participants during formal educational leaves of absence (LOAs) for periods in excess of six (6) months.

Contribution/Enrolment Form:

- a) On filling out the enrolment form for membership, the participant shall indicate the amount of the participant's earnings which is to be deferred and remitted by the Employer to the Plan, in Trust. Leave of Absence

- b) Requests for LOA under the EDSLP shall include a description of the course of studies to be pursued, the duration of the program, and the name of the institution offering the program.
- c) Each request for a LOA under the EDSLP will be reviewed on an individual basis and shall not be unreasonably denied.
- d) In the event that more than one participant applies for a LOA under the EDSLP for part of or all of the same period of time and where only one participant's requested leave can be granted, seniority as defined in the Collective Agreement shall be the governing factor in determining which participant's LOA shall be granted.
- e) A participant having received approval for a LOA and who voluntarily transfers or is promoted to another position, may have the leave honoured depending on the operational requirements of the new work area.
- f) In the event that the participant's educational leave results in his/her being qualified to work in another classification covered by the Collective Agreement, it is understood that the participant will be placed in such classification only after being the successful applicant for a posted vacant position within that classification.
