

The Manitoba Association of Health Care Professionals has an exciting opportunity for a skilled labour relations practitioner as a full-time Labour Relations Officer.

The Labour Relations Officer will be involved in all aspects of labour relations including:

- Interpretation and administration of the collective agreement,
- Supporting the membership in workplace issues, including harassment complaints and investigations, workplace accommodation, return to work programs, and discipline
- Grievance handling, arbitration preparation, and negotiation of settlements
- Creating and conducting educational programs for the membership,
- Involvement in research and committee work

COMPENSATION

A competitive salary and comprehensive employer-paid benefits package as per the UNIFOR Local 191 /MAHCP collective agreement.

QUALIFICATIONS

- Labour Relations experience in health care combined with a post-secondary degree in labour relations and 3-5 years related experience.
- Equivalent training and experience may be considered.

- Excellent written and oral communication skills.
- Demonstrated advocacy, human relations, negotiation, and problem solving skills.
- Valid Manitoba driver's license and willingness to travel within the province using own vehicle.
- The ability to work some non-conforming hours.

THE ASSOCIATION

The Manitoba Association of Health care Professionals is a trade union representing approximately 6,500 health care professionals in Manitoba.
