- applies new information to practice.
- completes specified number of hours annually as per MIRSW requirements.
- contributes to the continuing professional education of peers and colleagues.
- carries out critical self-evaluation and sets learning goals on annual basis.

RESEARCH

- participates in the development and evaluation of evidence-based practice.
- conducts evaluations and operational research.
- initiates and executes research and disseminates results as assigned.
- participates in program development and program enhancement initiatives.

SAFETY (ONGOING)

- maintains responsibility for personal and client safety at all times.

- contributes to a safe work environment and culture of safety.
- maintains knowledge of emergency procedures and acts upon them when necessary.
- reports any hazardous conditions or equipment and takes action to address when appropriate.
- adheres to all workplace health and safety regulations, policies and safe work practices.
- completes all mandatory safety education sessions and recertifications (e.g. CPR, Workplace Hazardous Materials Information System (WHMIS), Routine Practices).
- reports any untoward incidents to the Manager.
- ensures the safety and rights of individuals and families in high-risk situations by adhering to legislation, policy, protocol and guidelines.

INTERPROFESSIONAL PRACTICE

- seeks out, integrates and values as a partner, the input and ongoing involvement of each patient/client/resident/family/community when designing and implementing care and services.
- understands one's own role and the roles of other health providers to appropriately establish and achieve patient/client/resident/family/community goals.
- applies the principles of cultural proficiency, team dynamics and group processes to enable quality patient care and effective interprofessional collaboration to emerge in everyday practice.
- applies leadership principles that support a collaborative practice model including shared decision-making and accountability for one's own actions.
- consistently communicates in a respectful, responsive, and responsible person-centered manner.
- engages self and others, including the patient/client/resident/family/community in a positive manner to constructively address disagreements as they arise.
- engages in relationships with care, dignity and respect regardless of race, ethnicity, culture, ability or language proficiency.
- promotion of the role of the clinic.
- develop and maintain community partners relationships, e.g. Military, HSC, Mental Health, FNIHB, Schools and Public Health.

OTHER

- complies with workload measurement requirements in a timely and independent manner.
- attends staff meetings and participates on standing or special committees of the program or profession; provides leadership/chairs standing or special committees of the program or profession.
- participates in community health and social organizations as related to the interests of clients and the facility, and as agreed upon with the Manager, and provides education on topics within social work scope of practice.
- completes administrative functions as required by the department or the Manager.
- prepares necessary reports and correspondence as required in appropriate format.
- participates in program and professional service planning and establishing goals and objectives.
- performs other duties related to the job as required, not exceeding the stated skills and capabilities.
